Council wants to explore the potential benefits of promoting and encouraging pop-up dining such as:

- activate and revitalise public spaces in the CBD and parkland areas
- encourage tourism by increasing the number of Territory locals visiting Palmerston
- improve safety in areas that are activated by the pop-up dining enterprises through passive surveillance
- enhance the sense of community and increase social interaction for Palmerston residents, community groups and businesses by providing unique, outdoor dining experiences
- encourage novel and creative

entrepreneurial activities such as start-up food businesses to potentially stimulate the local economy

- build social capital pride in Palmerston.
- Also called street food or mobile food vendors', pop-up dining can take different forms but usually refers to selling takeaway-style food on a regular basis from a temporary stall, booth, cart, truck or van in a public space.

**Possible Locations**

Council is considering four potential locations for pop-up dining in Palmerston, including:

- Sanctuary Lakes, Gunn
- Marlow Lagoon Recreation Area
