

KEYPLAN

NINJA WARRIOR CHALLENGER COURSE

FITNESS & FUN!

A Ninja Warrior course has been proposed for Hobart Park, addressing the need for intergenerational play & broader recreational experiences within urban parks.

The inclusivity of different age groups is essential in supporting a healthy visitor dynamic and encourages a range of people to enjoy the park.

This new feature offers teenagers and adults a range of challenging activities, combining fitness and fun.

Proposed Challenger Course, as shown below.

Challenger Course plan
