

# CAR PARKING QUESTIONS AND ANSWERS

## WHY IS COUNCIL INTRODUCING PAID PARKING?

The City of Palmerston is introducing a user pays system of paid car parking in the city centre as part of the Palmerston City Centre Parking Strategy. A user pays system means that the funding for car parking, including any future multi-deck car park, comes from the users of car parking not rate payers.

## WHAT PARKING SYSTEM IS COUNCIL INTRODUCING?

The parking system is a pay and display system. Parking meters operate between Monday to Friday, 8am-5pm. To use this system, park your vehicle, decide how long you expect to stay and pay at the nearest meter. You will receive a parking ticket clearly indicating when your parking time expires. Place the ticket on your vehicle's dashboard, face up, so it is clearly visible from outside the vehicle.

## HOW MUCH WILL PARKING COST?

### ZONE A - \$1.80 P/H

WITH MAXIMUM STAY 2 HOURS

### ZONE B - \$1.00 P/H

TO A MAXIMUM CHARGE OF \$4  
FOR 4 HOURS OR MORE  
(ALL DAY)

- Annual all day parking permits will be available at a cost of \$400 (charge reduced quarterly for part year)

Parking will remain free of charge for all parking areas signed as 1 hour or less.

## WHEN DO I HAVE TO PAY FOR PARKING?

Vehicles parked in a charged parking bay between Monday to Friday, 8am-5pm must pay to park. Parking charges do not apply on statutory NT public holidays.

## HOW DO I PAY FOR PARKING?

Parking meters are located throughout the city centre. All parking meters will accept coins and paywave credit cards. Parking meters do not give change and do not accept 5 cent pieces.

## I HAVE A VALID DISABILITY PARKING PERMIT WILL I HAVE TO PAY FOR PARKING?

Vehicles displaying a valid disability permit and parked in a signed disabled parking bay may park free of charge. Where a vehicle displaying a valid disability permit is parked in a charged parking bay, the vehicle may park for twice the period shown on the purchased parking ticket.
