

MARLOW LAGOON RECREATION AREA MASTERPLAN CONSULTATION

City of Palmerston is inviting the community to join the conversation and help shape the future of the Marlow Lagoon Recreation Area.

What We Want to Achieve

We want to hear your ideas for the future of Marlow Lagoon Recreation Area.

Tell us:

- What you love about the area and want to keep?
- What could be improved?
- What should be added for the future?
- What should be done differently?

Think big! No idea is too small or too ambitious. Your ideas will help us to meet the needs of the growing Palmerston community now and into the future.

Marlow Lagoon Recreation Area - Current Status

Marlow Lagoon Recreation Area is one of Palmerston's most popular outdoor community recreation spaces.

The 25-hectare area includes:

- Lakes and natural bushland
- Open grassy areas and landscaped spaces
- Walking tracks
- Playgrounds
- Public art
- Birdwatching opportunities
- Barbecue and picnic facilities
- Shade areas
- Dog park

The recreation area provides a place for people to exercise, relax, connect with others and enjoy nature.

MASTERPLAN CONSULTATION

City of Palmerston is developing a masterplan to guide the future of the Marlow Lagoon Recreation Area.

A masterplan is a high-level plan that shows the possible opportunities, priorities and improvements for an area. It's a guide for how an area could be changed or upgraded over time and gives the community an opportunity to see designs and ideas before there are any development commitments.

Future development of the Marlow Lagoon Recreation Area is not currently funded, but the masterplan will help Council seek future funding opportunities from the Northern Territory and Australian Governments when they become available.

HOW TO BE INVOLVED

Consultation is open from **15 July to 12 August 2026**.

You can share your ideas by:

- Scanning the QR Code and completing the survey
- Email us at feedback@truenorthcomm.com.au
