CITY OF PALMERSTON OFFERS

**Free**  
first registration

from pet rescue  
or rehoming  
organisations.

These organisations are often not-for-profit and run mainly by volunteers, relying on community support to achieve their goals. City of Palmerston recognises the generosity of these volunteers, groups and their supporters, in rehoming dogs and helping our community members become better dog owners. To encourage responsible pet ownership Council offers owners of desexed, microchipped adoption dogs FREE registration for their first financial year. The owner of the dog/s will need to provide proof of adoption when submitting registration paperwork through to Council.

GRANT is a non-for-profit organisation, dedicated to rehoming ex-racing greyhounds. Trainers surrender their dogs to us and the greyhounds then join our foster care system made of awesome volunteers who help them make the transition from racing dog to family pet. Adoptive families get a well behaved, healthy dog with plenty of pet-years left. All our hounds come vet checked, desexed, and microchipped. It's our job at GRANT to find these lovable dogs a home when it's time for them to magically turn into couch potatoes.

## Darwin Animal Rescue Group - DARG

While we predominantly rescue cats and kittens we usually have dogs requiring loving homes and we will help any animal in need. Once rescued, we take these animals into our homes, help them return to health, socialise them and prepare them for adoption. All of our rescues are desexed as part of our mission to reduce the number of unwanted animals in the Northern Territory.

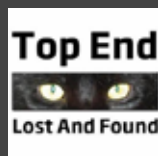

The adoption amount is purely the vet costs to do the desexing, vaccination and microchip. We do not make a profit in any way. As well as rescuing, we also receive animals from families who are unable to keep them any longer and try to find them loving new homes. We also work with one of the pounds to assist in rehoming the dogs so that they do not have to be put to sleep. If you are able to adopt one of our very special rescues, giving them a home of their own, you will be rewarded with amazing loyalty and love.

RSPCA Darwin is a locally run and incorporated charity, funded entirely by grants and donations, helping over 1000 animals each year. Our mission is to improve animal welfare in the greater Darwin region by advocacy, sheltering and rehoming. While legislation in the Northern Territory doesn't allow us to provide inspectorate services as in other states, we are committed to preventing cruelty, harm and neglect by education, advice and advocating for legal and social changes that advance the welfare of animals.
