1 PURPOSE

To promote greening and sustainability initiatives throughout Palmerston by allowing residents to grow edible plants in sections of their local parks.

2 PRINCIPLES

Edible Pocket Gardens are a great way of creating a sense of community and a sense of space within a community. Edible Pocket Gardens are a free-range style of garden where residents can nominate to use a small section of their local park or reserve to plant edible plants. These plants are to be tended to by the resident or interested parties and Council must approve any works before they commence. The produce from the garden is accessible by the whole community and is not owned by the resident/group who tends to it. City of Palmerston reserves the right to make changes to the space at any time.
