

To City of Palmerston Councillors:

This petition is in response to the proposed 'night time only' closure of the Politis Court to Strawbridge Crescent Laneway and is in follow up to the petition presented to Palmerston Council by residents, requesting a "permanent closure" of the laneway, on 2<sup>nd</sup> October 2018.

We the undersigned DO NOT support the now proposed laneway treatment of a night time only closure, between the hours of 9:30 PM and 6:00 AM. We feel this will create further annoyance to residents living immediately alongside the laneway, that it does not address any of the issues previously presented to council, and that it is an unwanted expense for no return on council money.

We reference the feedback gathered in the True North, Strategic Communication, Consultation Stage 1 report, March 2019, that relates to the laneway on Politis Court and again call on Council to permanently close this laneway, starting with a 24-hour 7 day a week closure for at least 6 months, beginning immediately.
