## TABLED PETITION - ITEM 11.1

Name	City	State	Postal Code	Country	Signed On		
Ashley H	Palmerston		830	Australia	2019-06-15		
Natalie W	Palmerston		832	Australia	2019-06-15	<b>Call for a Designated Small Dog Area at Marlow Lagoon Dog Park</b>	
Phillip Wall	Palmerston		830	Australia	2019-06-15	<a href="#">Ashley H</a> started this petition to <a href="#">Palmerston City Council</a>	
Gregory Atkinson	Rosebery		832	Australia	2019-06-15	<b>The Problem</b>	
Lisa Esfahani	Unley		5061	Australia	2019-06-15	Marlow Lagoon Dog Park is a great space for dogs to run around and play in. So much so, that it is often used by people who live in the city and surrounding suburbs, and the rural areas!	
Eliys McEvoy	Palmerston		830	Australia	2019-06-15	However it is not used to its full potential, due to the number of small dogs and their owners who are too scared to use the area.	
Jade Maloney	North Adelaide		5006	Australia	2019-06-15	Smaller dogs at the dog park are frequently stepped on, and roughed up by the larger dogs. They mostly just don't know their size, and have no ill intent! But with an average of a 47kg weight difference between a Chihuahua and an Irish Wolfhound, this can easily become a serious vet trip.	
Jason Jones	Palmerston		830	Australia	2019-06-15	With a growing number of dog attacks happening within the park, it's only a matter of time before a small dog is severely injured, or even killed.	
Janette Coles	Bakewell		832	Australia	2019-06-15	There is currently a small dog play group that exists to try and combat this problem, but they meet in the smaller fenced off area in the dog park. This area is intended for all dogs to use, so it often has larger dogs already using it. Also, it is not very well-equipped; it has no shade, and is currently turning into a dirt/dust pit because it isn't irrigated. This is not ideal for small dogs, as they are very close to the ground, and consist of many fluffy breeds that seem to carry the entire garden in their coats!	
Rebecca Worster	Zuccoli		832	Australia	2019-06-15	<b>The Solution</b>	
Toni Bradley	Darwin		822	Australia	2019-06-15	I call upon the Palmerston City Council to build an area specifically for small dogs.	
Brett Maksimovic	Zuccoli		832	Australia	2019-06-15	Please create a safe space for us so that our dogs can play together, with far less risk!	
Pam Wilson	Howard springs		835	Australia	2019-06-15	I conducted a verbal survey of around 30 people at the dog park (small, medium and large dog owners) and these were the results:	
Jani Owen	Darwin		830	Australia	2019-06-15	Everyone agreed that there should be a safe space for the small dogs to play in. The area should be fairly large, so that people can throw balls for their dogs in it, and it should have similar facilities to the existing area.	
Kirra Nutter	Darwin		800	Australia	2019-06-15	This ideally would include:	
Mathew Overton	Johnston		832	Australia	2019-06-15	<ul style="list-style-type: none"> <li>• Access to the area without having to interact with the larger dogs.</li> <li>• Irrigation.</li> <li>• Shade trees.</li> <li>• A human and dog drinking station, and a water trough for the dogs to cool off in.</li> <li>• A picnic bench to sit at, with protection from the rainy wet season.</li> <li>• A bin for dog waste bags.</li> <li>• A double gate entry.</li> <li>• Lighting, so people can use the area at night.</li> <li>• An agility course.</li> </ul>

Nadine Parkinson	Palmerston		832	Australia	2019-06-15		
Claire Parr	Darwin		800	Australia	2019-06-15	<b>Please Support a Safe Area for Small Dogs!</b>	
Stacey Taylor			832	Australia	2019-06-15	Palmerston is the fastest growing city in the Northern Territory. And with more people, come more small dogs, and more need for an area like this!	
Grace King			820	Australia	2019-06-15	Please sign this petition, and support our dogs having a safe space to play in. Whether you have a big dog or a small dog; if you think it's a good idea, we would really appreciate your help!

Gayle Watkins	Darwin		832	Australia	2019-06-19	<b>The Problem</b> Marlow Lagoon Dog Park is a great space for dogs to run around and play in. So much so, that it is often used by people who live in the city and surrounding suburbs, and the rural areas! However it is not used to its full potential, due to the number of small dogs and their owners who are too scared to use the area. Smaller dogs at the dog park are frequently stepped on, and roughed up by the larger dogs. They mostly just don't know their size, and have no ill intent! But with an average of a 47kg weight difference between a Chihuahua and an Irish Wolfhound, this can easily become a serious vet trip. With a growing number of dog attacks happening within the park, it's only a matter of time before a small dog is severely injured, or even killed. There is currently a small dog play group that exists to try and combat this problem, but they meet in the smaller fenced off area in the dog park. This area is intended for all dogs to use, so it often has larger dogs already using it. Also, it is not very well-equipped; it has no shade, and is currently turning into a dirt/dust pit because it isn't irrigated. This is not ideal for small dogs, as they are very close to the ground, and consist of many fluffy breeds that seem to carry the entire garden in their coats!

Leah Parker Stewart	Sydney		2226	Australia	2019-06-23	<b>The Problem</b>	
Melanie Mitchell	Adamstown		2289	Australia	2019-06-23	Marlow Lagoon Dog Park is a great space for dogs to run around and play in. So much so, that it is often used by people who live in the city and surrounding suburbs, and the rural areas!	
Hannah Cooper	Maroochydhore		4558	Australia	2019-06-23	However it is not used to its full potential, due to the number of small dogs and their owners who are too scared to use the area.	
Rahnie Singh			4178	Australia	2019-06-23	Smaller dogs at the dog park are frequently stepped on, and roughed up by the larger dogs. They mostly just don't know their size, and have no ill intent! But with an average of a 47kg weight difference between a Chihuahua and an Irish Wolfhound, this can easily become a serious vet trip.	
Ella-Grace Parry	Perth		6000	Australia	2019-06-23	With a growing number of dog attacks happening within the park, it's only a matter of time before a small dog is severely injured, or even killed.	
Yo Mama	Penshurst		2222	Australia	2019-06-23	There is currently a small dog play group that exists to try and combat this problem, but they meet in the smaller fenced off area in the dog park. This area is intended for all dogs to use, so it often has larger dogs already using it. Also, it is not very well-equipped; it has no shade, and is currently turning into a dirt/dust pit because it isn't irrigated. This is not ideal for small dogs, as they are very close to the ground, and consist of many fluffy breeds that seem to carry the entire garden in their coats!	
Vanessa Hansen	Wilston		4051	Australia	2019-06-23	<b>The Solution</b>	
Shaun Cousins			6019	Australia	2019-06-23	I call upon the Palmerston City Council to build an area specifically for small dogs.	
Jim and Lynda Jamieson	Dural		2158	Australia	2019-06-23	Please create a safe space for us so that our dogs can play together, with far less risk!	
Keira Rumble			2120	Australia	2019-06-23	I conducted a verbal survey of around 30 people at the dog park (small, medium and large dog owners) and these were the results:	
Julie Blight	Adelaide		5000	Australia	2019-06-23	Everyone agreed that there should be a safe space for the small dogs to play in. The area should be fairly large, so that people can throw balls for their dogs in it, and it should have similar facilities to the existing area.	
Heidi Knight				Australia	2019-06-23	This ideally would include:	
Rhiannon Thompson	Darwin		832	Australia	2019-06-23	<ul style="list-style-type: none"> <li>• Access to the area without having to interact with the larger dogs.</li> <li>• Irrigation.</li> <li>• Shade trees.</li> <li>• A human and dog drinking station, and a water trough for the dogs to cool off in.</li> <li>• A picnic bench to sit at, with protection from the rainy wet season.</li> <li>• A bin for dog waste bags.</li> <li>• A double gate entry.</li> <li>• Lighting, so people can use the area at night.</li> <li>• An agility course.</li> </ul>
